

## RESUSABLE HALF MASKS

## TPE HALF MASKS 2 FILTERS

## The +

- Strength, stability and resistance
- Ergonomic shape
- Good balance on the face: usable with 2 filters (not included)

## PACKAGING

16 Pieces / Carton

X1

Box

## DESCRIPTION

The reusable half mask ETNA is designed from innovative production method: master combination of self-extinguishing TPE rubber and polypropylene for maximum sealing against gases, vapours and mists. Its ergonomic shape ensures comfort, lightness and adaptability to all face shapes thanks to a new nasal profile. To be used with two filters for a better balance on the face. Optimal support thanks to the 4 points support head with adjustable straps and the plastic harness.

Weight: 130 g

## SECTORS

Heavy industry

Light industry

Infrastructure, building industry

Transport and logistics
