

PERFECT FIT

For Every Ear Shape

HASPRO MOLD – 6 PAIRS

COLOR:    

Earplugs are made of high-quality, hypoallergenic silicone that is soft to the touch and safe to use.

They are fully moldable and reusable, allowing each user to achieve the perfect fit in seconds by shaping them in the palm of their hand. The set includes 6 pairs (12 pieces total) of earplugs.

HASPRO MOLD ALOES

HASPRO Mold Aloe are moulded silicone earplugs enriched with aloe vera extract for increased comfort and skin care. They mould perfectly to the shape of the ear, providing protection from noise and water. They are reusable and perfect for swimming, travelling or relaxing.

HASPRO WAX

Wax earplugs are among the most comfortable available on the market because they are designed to seal the ear canal, rather than entering the ear canal itself.
