

UFFICIO, STUDIO E LAVORO

Comfortable and Noise-Free Work Anywhere

Turn your home working environment and daily chores into a zone of complete comfort. Whether you are working on a construction site, in the garden or doing renovations.

HASPRO OFFICE

The solution for anyone who needs to block out office noise during those long hours at work. With open plan offices becoming increasingly popular, it's important to have a way to block out distractions and focus on the task at hand.

With Haspro Office earplugs, you can do just that. Say goodbye to constant interruptions and hello to productivity.

HASPRO WORK

The ultimate solution for anyone who works in a noisy environment! With an impressive SNR rating of 30dB, they provide one of the highest levels of attenuation available on the market today.

Say goodbye to the discomfort of loud machinery, construction noise, and other high-frequency sounds that can damage your hearing over time.

HASPRO WORKSOFT

HASPRO Work Soft are reusable earplugs designed for home projects such as drilling, lawn mowing and renovations.

Made from soft silicone, they offer excellent hearing protection while maintaining comfort and communication. The aluminium case makes them convenient to store.
