

## HASPRO Work Soft – Designed for Home DIY Projects

HASPRO Work Soft earplugs are perfect for home DIY projects like drilling, polishing, or lawn mowing. They provide effective hearing protection while allowing for clear communication.

### Comfortable to Use

HASPRO Work Soft earplugs are made from soft silicone, which quickly adapts to body temperature, making them so comfortable that you forget you're wearing them. Their triple-layer, tree-shaped design ensures a snug fit for any ear canal.

### Benefits of HASPRO Work Soft

- Earplugs for home and workshop use.
- Reduce noise to safe levels while enabling communication.
- High user comfort.
- Reusable earplugs.
- Aluminum case for convenient storage.

## Convenient Hearing Protection with HASPRO Work Soft

Hearing protection is crucial, whether you work in a home workshop or in more demanding environments. Traditional protective earmuffs work exceptionally well in high-noise areas, such as industrial facilities, providing reliable protection in tougher conditions.

In situations with intense noise and a need for long-term comfort, HASPRO Work Soft earplugs provide an excellent alternative. These lightweight, flexible earplugs offer effective noise protection while ensuring exceptional comfort. Thanks to their soft construction, they mold to the shape of your ear, allowing for hours of wear without discomfort.

## Why Choose HASPRO Work Soft?

- **Comfortable and lightweight design:** Designed to feel almost invisible, ensuring comfortable wear throughout long workdays.
- **Effective noise isolation:** Offers excellent noise reduction, helping you focus on tasks by eliminating unwanted background sounds.
- **Hypoallergenic materials:** Made from high-quality, skin-safe materials, ideal for people with sensitivities.
- **Reusable:** Washable and reusable for an economical and eco-friendly alternative to disposable earplugs.
- **Adapts to your ear shape:** Flexible construction ensures a perfect fit for optimal performance and comfort.

Transform your home workspace and daily tasks into zones of complete comfort with HASPRO Work Soft. Whether working in the garden, mowing the lawn, or renovating your home, these earplugs offer both functionality and comfort. Protect your hearing and improve your productivity with a lightweight alternative to traditional earmuffs. Say goodbye to discomfort and embrace a new level of convenience that makes every task more enjoyable!

HEARING PROTECTION

During home activities like lawn mowing or drilling, even short-term exposure to noise can cause significant hearing damage. Noise not only negatively impacts health but also increases fatigue and irritability, reducing efficiency and work comfort. Investing in effective hearing protection improves well-being and productivity in everyday tasks.

CERTIFIED PRODUCT

HASPRO Work Soft earplugs comply with the CE 2834 EN 352-2 2020 (EU) standard, ensuring conformity with European safety and quality requirements for hearing protectors, particularly earplugs. This certification guarantees effective hearing protection against excessive noise while maintaining high comfort and durability.

SET INCLUDES:

- Two hypoallergenic silicone earplugs.
- Storage case.
- User manual

EN 352-2-2020 SNR: 26 Db H: 26 dB M: 23 dB L: 22 dB

Why Is Hearing Protection Important?

Prolonged exposure to noise can negatively affect well-being, focus, and efficiency. Extended noise exposure leads to fatigue, which can result in headaches, dizziness, and even permanent hearing damage. Protect your health and hearing by investing in effective noise protection.

**Return Policy:**

For hygienic reasons, this product cannot be returned if the packaging is opened after delivery and the product has been used.
