## INSTRUCTIONS FOR USE AND STORAGE

#### Instructions for use :

- It is recommended to pre-test the gloves, as the actual conditions of use may differ from those of the "EC" tests. Performance levels are only guaranteed on the palm of the glove when new.

- Wear gloves on dry, clean hands.

- Do not use gloves in contact with a chemical product for longer than the measured permeation time. Refer to the website www.europrotection.com

- In use with a dangerous liquid, turn the cuff edge over to prevent drops from falling on the arm.

#### Storage instructions :

- Keep gloves away from light, moisture and sources of heat.

#### **Cleaning instructions :**

- The washing of the gloves varies according to the materials of the product. See the recommendations on the package leaflet.

## LEGISLATION
